MAGNA

Clean and perfect design specially made for environments that use no-frame lighting fixtures that have exactly the same finish as the speaker enclosures, the models have smaller sizes, which are compatible to most of the downlights.

Wide Dispersion 120 degrees woofer allows installations even in low high ceilings.

Specially made for environments that use no-frame lighting fixtures and when subwoofers are not presents. Clean and perfect square design for rooms where small sizes matter.

Wide Dispersion with 120 degrees woofer allows installations even in low high ceilings.
